INCLUSIVE DEVELOPMENT PROGRAMME

Metazone partnered with World Sailing to establish an annual programme in Singapore to bring more awareness for Para Sailing and Inclusive Sailing in Asia. This program aims at transforming participation and creating fully inclusive pathways within the sport.

The Inclusive Development Programme (IDP) was successfully launched in Singapore, with 38 participants from Brunei, Cambodia, Indonesia, Japan, Malaysia, Taiwan, Thailand, Vietnam, and Singapore, consisting of both on-water and off-water sessions.

This year's Inclusive Development Programme will be held in conjunction with the World Sailing Annual General Meeting in Singapore.
